## Luxon Engineering Changes Location

January 2012 marks not only the beginning of our 6th year of business, but also a change in location. We have moved to the Gaslamp Quarter of downtown San Diego. This new, centralized location allows for expansion and is located in one of the busier and exciting areas of San Diego. At the corner of 5<sup>th</sup> and G St., our office is in the old San Diego City Hall, listed as a historic building and originally built in 1874.

We are minutes from San Diego International Airport and attractions such as Balboa Park and the San Diego Zoo. Please call ahead to make an appointment. Street parking is readily available during business hours within a block or two.

**Luxon Engineering**  
433 G St. Suite 202  
San Diego, CA 92101
